About this Book

Cemetery inventories are important tools in genealogical work. For Madison County, Kentucky, burials are listed among a handful of volumes. Berea Cemetery and Richmond Cemetery each have books dedicated to them. The county's smaller cemeteries are represented through two inventory books, one for northern Madison County and one for southern Madison County. Unfortunately, Madison County Memorial Gardens burial records were not included.

I began this project more than three years ago with the hopes of providing this missing resource. During this time, I have taken numerous photos from ground and air. With their permission, I have copied MCMG cemetery layout maps and sheets containing burial locations. I have transcribed information directly from grave markers, when useful. I have also used additional resources, including the Kentucky Vital Records indexes, [findagrave.com](http://www.findagrave.com), obituaries, and other online sources. My intent has always been to provide the most complete and correct information for each individual whenever possible.

Madison County Memorial Gardens Cemetery Inventory

37°40'45.7"N 84°15'45.2"W

Madison County Memorial Gardens Cemetery is located at 210 West Rice Lane at US-25 in Madison County, midway between the cities of Berea and Richmond, KY. The business office is located at the Rice Lane entrance. Office Hours are weekdays from 9AM until 4PM and Saturday from 9AM until noon.

This Cemetery offers traditional underground burials as well as mausoleums. There are two mausoleums on the property. The smaller Everlasting Life Mausoleum is to the left of the office and the larger Chapel of Peace Mausoleum to the right.

The property is separated into “Gardens” to assist in the location of loved ones. Within each Garden areas are divided into numbered “Sections.” Each section is subdivided into “Lots” marked “A,” “B,” “C,” or “D.” Each lot is again subdivided into numbered “Spaces.” Considering this, a single section may hold up to (16) sixteen individual spaces. If *double interments are utilized, more than 16 individual burials can be located in a single section.

This book will display locations using the notation: section-lot-space

For example:

Garden of the Cross: 47-A-3

*A double interments is a single lawn space with two crypts, allowing the interment of two caskets, one above the other. Multiple interments also occur with combinations of caskets and urns.

Garden of the Cross

The section referred to as Garden of the Cross begins at the left edge of the parking area and follows along Rice Lane. This area features eighteen ornamental trees whose connected points form a cross. While the majority of the cemetery property utilizes flat brass markers, this area is populated by more traditional granite and marble standing gravestones.

Everlasting Life Mausoleum

Simple and elegant, this mausoleum has spaces for casket burials on its north and south faces. On its east and west faces, there are niches for the placements of urns.

The face of this mausoleum features an image inscribed with John 4:13-14 illustrating the promise of eternal life through faith in Jesus Christ. This image and inscription can be found on both the east and west faces.

Garden of Everlasting Life

The section referred to as Garden of Everlasting Life begins at the right edge of the upright monuments and the left corner of the parking area.

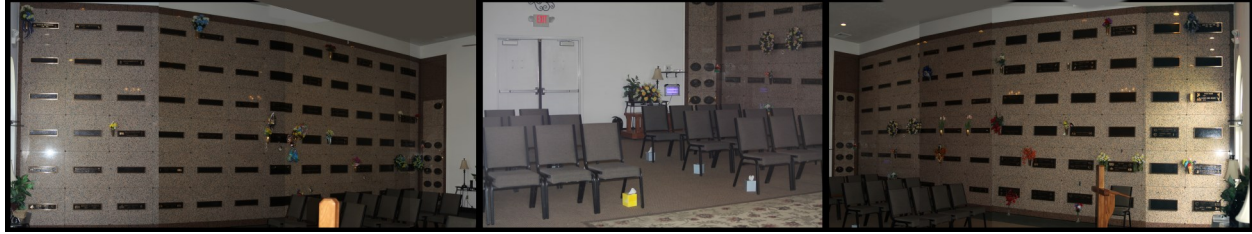

The Everlasting Life Mausoleum can be found at the entrance of this Garden.

Everlasting Life Mausoleum

Chapel of Peace Mausoleum

This standout feature of the cemetery is easily seen from the roadway and faces US-25. The two double doors open to a climate controlled chapel .

North and south walls have designations for caskets inside and outside of the building. Niches on the front face of the building and the western wall of the chapel hold the remains of loved ones.

Chapel of Peace Mausoleum

Garden of Honor and Devotion

The section referred to as Garden of Honor and Devotion is located immediately behind the office building. Its standout feature is a short alabaster wall with a large stone book in its center. Inscribed upon its pages is the the Lord's Prayer.

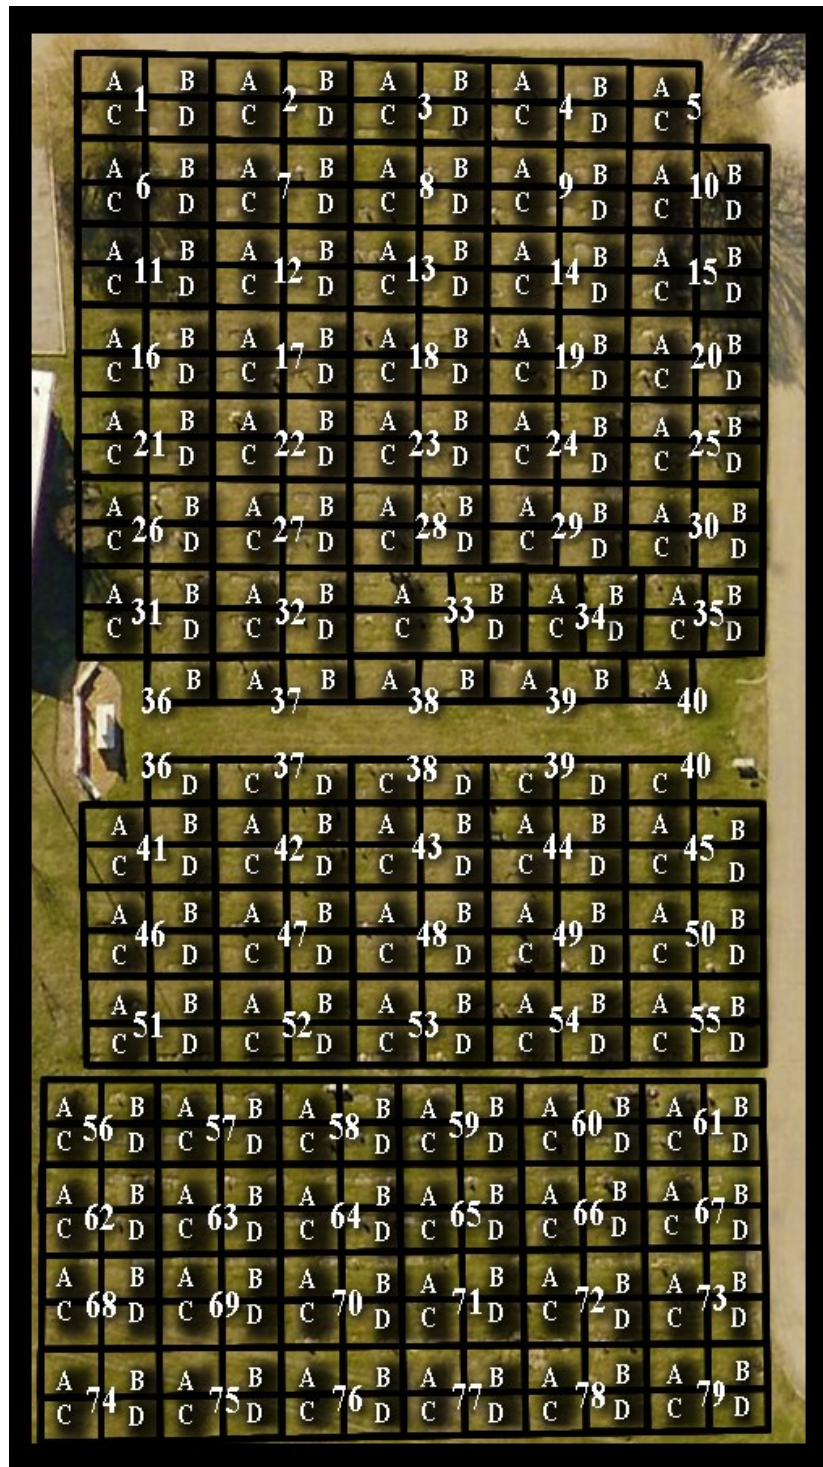

Our Father, which art in heaven,
Hallowed be thy Name.
Thy Kingdom come.
Thy will be done in earth,
As it is in heaven.
Give us this day our daily bread.
And forgive us our debts,

As we forgive our debtors.
And lead us not into temptation,
But deliver us from evil.
For thine is the kingdom,
The power, and the glory,
For ever and ever.
Amen.

Garden of Christus

The section referred to as Garden of Christus features an elevated statue of Christ beckoning visitors as they enter from the US-25 entrance. Twin sidewalks extend outward from the statue in each of the cardinal directions to each edge of the garden. A driving path completely circumnavigates its boundary, separating it cleanly from the other gardens.

Two long narrow strips near the northern and southern borders of the garden have been set aside for those who have died in infancy or at birth. These spaces share the sad designation “Babyland.”

Garden of the Good Shepherd

The center of the Garden of the Good Shepherd features a statue of Jesus Christ among a flock of seven lambs including two at his feet and another held closely to his heart. This Garden is located in the center of the cemetery between the Christus and Veterans Gardens. It extends from the Everlasting Life Garden to the northern treeline.

Veterans Garden

The Veterans Garden is located at the western edge of the cemetery beyond the Garden of the Good Shepherd. It can be located easily at a distance with its large monument to the American soldier flanked by flags flying high representing the Army, Marine Corps, Navy, Air Force, and National Guard.

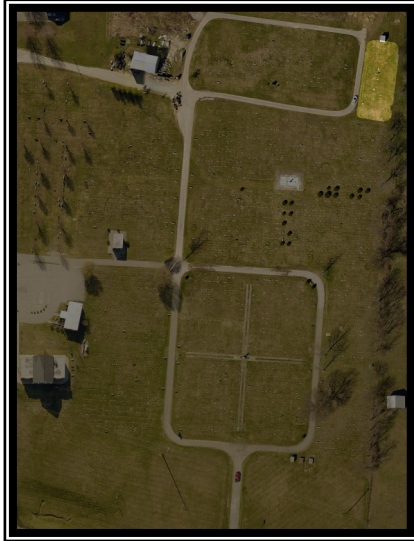

Engraved into the monument is an eagle with wings outstretched, symbols representing each branch of the armed services, and the following inscription:

“ DEDICATED TO THE MEN AND WOMEN WHO BY THEIR UNSELFISH
PATRIOTISM HAVE ADVANCED IDEALS OF LIBERTY”
